**SELECTMEN'S SUMMARY AND
RECOMMENDATIONS TO THE CITIZENS
AND TAXPAYERS OF THE TOWN OF DANBURY**

In accordance with the Public Laws of the State of New Hampshire herewith we present the annual report of the Selectmen, Clerk, Treasurer and other officers, for your approval. After strict study we are asking for only a small appropriation for the year 1950 as we know our tax rate was high last year by no fault of ours.

Last year you were asked to accept budget recommendations, which you did. You were asked for what we thought we really needed for the year. You were told if you accepted our recommendations we thought it would not increase our tax rate over the previous year.

We submitted our budget to the State Tax Commission and expected a rate of \$43.00. By no fault of theirs, but because the Legislature failed to raise the amount we anticipated for schools and other state projects, together with a higher County tax and other added expenses which we could not control, our rate was changed by the State Commission to our present rate of \$54.00 per \$1000.00 valuation.

Your Auditors examined the books and found all the records and books in order and the finances of the town in better shape than last year. We reduced the town debt about thirty-five per cent, although we cannot claim all the credit. Because of the lack of snow and ice the winter highway expense was kept to the minimum. Our highway equipment is in extra good shape and ought to cost very little for repairs. We feel our saving on highways is due to the fact that we own our truck.

tractor, road machines, and snowplows. They have been well taken care of during the past year, and are in as good a condition as a year ago.

Under the fire department you were asked to raise \$1200.00 for a specific purpose. Through a misunderstanding there was no money raised for the expense of the department, but by the careful supervision of Chief Clarence Ford the expenses were met by private funds raised with the able assistance of the entertainment committee, of which Chester Martin was chairman.

You will notice we paid \$336.71 interest. This could be greatly reduced if you would raise the sum of \$1,500.00 to pay the balance of the debt which has been long outstanding.

Now come our recommendations for next year. We suggest you accept our budget for our general (or fixed) yearly expenses found in estimates of Revenue and Expenditures.

We also recommend you raise:

Article 3	The same as last year	\$ 3,000.00
4	To pay the balances on bridges	1,200.00
5	We recommend	Yes
6	Library	150.00
7	Fire department	500.00
8	Street lights	660.00
9	Patriotic purposes	100.00
10	Cemeteries	75.00
11	We recommend	Yes

In summary, we feel we are asking for a very small appropriation and should receive your cooperation in raising this amount.

TOWN WARRANT

The State of New Hampshire

To the Inhabitants of the Town of Danbury in the County of Merrimack in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House in said Danbury on Tuesday, the fourteenth day of March, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town expenses for the ensuing year and make appropriations of the same.

3. To raise such sums of money as may be necessary for the maintenance of highways.

4. To see if the town will vote to raise the sum of \$1,200.00 being the balance due on the Sargent, and Lund bridges.

5. To see if the town will vote to accept T.R.A. money, if available, and raise town's share.

6. To see what sum of money the town will raise for the George Gamble Library.

7. To see what sum of money the town will vote to raise for the Danbury Volunteer Fire Department.

8. To see what sum of money the town will raise for street lights.

9. To see what sum of money the town will raise for American Legion for Memorial Day.

10. To see what sum of money the town will raise for the care of cemeteries.

11. To see if the town will vote to **authorize the** selectmen to borrow money in anticipation of taxes.

12. To see if the town will vote to give a discount on taxes.

13. To see if the town will vote to raise and appropriate a sum not exceeding one-hundredth of one percent (1/100 of 1%) of the net assessed valuation based on the assessment of 1949 for the purpose of publicizing and promoting the natural advantages and resources of the town, together with other towns in the Dartmouth-Lake Sunapee Region Association.

14. To see if the town will vote to raise \$400.00 for Blister Rust Control.

Other articles will be added before warrant is posted.

DANBURY FIRE DEPARTMENT

Last year the town raised \$1,200.00 for the Department to use for the purchase of a portable pump, truck and oil stove and to repair the fire house. The pump and truck cost slightly more than estimated. We still have the amount of \$396.07 which is earmarked for the building. We expect to use this in the spring.

Our actual running expense was as follows:

Insurance, blanket and two trucks	\$ 244.90
Fuel oil	100.19
Oil, gas, supplies & parts	76.37
	<hr/>
	\$ 421.46

We believe the fire department has been developed to the extent that it is a real protection to the town. The tank truck has already proven itself to be a valuable addition to our equipment. The firemen have shown very good interest and have gained the respect of us all. We have had eleven fires this year, nine of which have been chimney fires. We have all gained knowledge by actual experience in the past year. The cooperation between us, the selectmen and fire wardens has been excellent.

We wish to thank all the towns people for their interest and help.

CLARENCE E. FORD, Chief

FRED E. HOPPER, Commissioner

CLARENCE E. TOWSE, Commissioner

FRANCIS O. SHELDON, Commissioner

FRANK CLEWS,
Treasurer.

FOREST FIRE WARDEN'S REPORT

Warren A. Powers, Warden

Your local organization is glad to report a good year of fire protection in 1949. With the cooperation of all in 1950, as in the past, we look for a better record in the future.

Always get a written permit before kindling outdoor fires. Each year incinerators and outdoor fireplaces must be inspected to get a season permit. .

Thanks to all for their hearty cooperation.

76 permits issued for brush, grass and rubbish	
27 permits issued for outdoor fireplaces and incinerators	
5 permits issued to St. Paul School Camp for bonfires	
4 fires by B. & M. R. R.	\$ 63.01

DANBURY SCHOOL REPORT

Superintendent's Report

The pupils of the Danbury Schools are facing some very serious problems today and will face them for some time to come. First of all there are 89 of them, 39 (at this writing) at the Center School. Mere numbers alone present a problem with 22 being the maximum according to state standards at the Center. The total capacity of the three Danbury Schools is 66 with actual enrollment at 89. There is no indication that this picture is going to change

materially one way or the other. Secondly, these three schools are ungraded. A bit of arithmetic will show how much time each class can have in a school day when a teacher has all 8 grades and 4 or 5 basic subjects to each grade. Where does this leave a pupil with individual needs? Most children have weaknesses in some subject or another, and many of them have personal problems that a teacher with time and energy can help solve. Much more could be written along these lines but these two problems are basic.

What can be done about these situations? Perhaps nothing at this time but time and tide wait for no man. There may be some solutions in the future. The schools can be graded as they are in Grafton, a system highly preferred to the ungraded school. This would involve transporting most of the pupils, which has been done for years in your neighboring town. The next suggestion will be even less popular. A new 3 or 4 room modern school could be built, and even an 8 room school could Grafton and Danbury get together on a building program. This could give the elementary pupils in this area as good educational opportunities as any in the state, and good educational opportunities for your children are the only reasons for having schools. I realize this is a dream of a professional educator in a day and age when a dreamer and an educator are equally unpopular! This all costs money and Danbury is a poor town in a poor state the latter of which refuses to face facts. Let's look at one or two facts just for the record. Danbury's school tax per \$1000 equalized valuation for 1948 was \$10.06 which was \$2.04 below the state average of \$12.10. The school tax assessment for this year was 36% of the total raised by the town with the state a heavy contributor and making this possible. Danbury's per pupil costs of supplies for 1949-50 is \$148 under the average of the state, and \$52 less in text books with total costs of instruction alone \$29 per pupil under the average. The pupils are getting the very minimum of educational opportunities.

There are other towns in N. H. which are not wealthy. Chichester, Springfield and Londonderry are all examples with comparable valuations per pupil, as fair an index as any. All have new schools built within the past two years. Assuming the people of Danbury are not willing to take such progressive and expensive steps alone must the pupils have no better opportunities for the next 25 years? This seems a long time to you and me but look back 25 years and try to see what has been done! This is actually just a good planning period, about the life of a bond issue! Then too, sooner or later the state will accept a greater share of its educational responsibilities and may even some day help us get schools as good as our roads, and as well maintained. But it is doubtful if the state will do a bit more than you, its people, demand. After all, demands on the state treasury are great and the axle which squeaks the loudest will get the most grease. If you want the best educational opportunities possible for your own children it is going to be easier for the property tax payer when the state again assumes more of its share of the costs. In the meantime you know who is suffering and who is being penalized. Were it not for three teachers who are master craftsmen at school organization, techniques of teaching, and personnel handling, the children of Danbury could be literally suffering irreparable harm.

This has been written out of a sense of true interest in the welfare of school children and from a strong feeling of professional duty. I realize these are big problems involving money and time, and perhaps I've wasted my efforts but there must come with every job of this sort the satisfaction which money can not buy, the satisfaction of doing the best one can and from seeing progress from one year to the next. We will be content if we can see the grist for the mill ground fine no matter how long it takes the wheels to turn, but turn they must.

Respectfully submitted,

C. MAURICE GRAY,
Superintendent of Schools.
